VOL. IV.

GRAYLING, MICHIGAN, THURSDAY, MAY 4, 1882.

NO. 1.

## LOCAL ITEMS.

Wm. A. Masters has been appointed deputy township clerk. A good selection.

We did not see or hear of any "May Day" parties. Everybody appeared anxious to "ring" the stove.

Farmers, kitchen cupboards and milk cans at Dr. Traver's furniture store, etc. Just the thing you need.

Dr. W. M. Woodworth started east on Monday for a two weeks stay, after which he will be permanently located here.

The Board of Review for the township of Grayling consists of Supervisor Babbitt, and Messrs. J. Maurice Finn and Henry Mantz.

To Mr. E. Alger belongs the honor of erecting the first picket fence in the city. The south side is fast putting on metropolitan airs.

Mr. and Mrs. A. H. Swarthout went to Otsego last Tuesday to attend the District Sunday School Convention now in session at that place.

Dr. O. Palmer started for the southern part of the State Tuesday morning, accompanied by his wife. They will be absent about a week.

Do you own painting? A full stock of paints, all shades and colors, ready mixed for the brush, at Dr. Traver's drug store.

Mr. Samuel Casimer and family, from Gaines' Station, arrived here on Saturday, to build a home. They are present domiciled with Mr. William Brink.

Mr. A. J. Rose had the first bill of lumber dressed at the new planing mill, and was followed by Mr. A. C. Wilcox, who proposes to indulge in a new fence.

Mr. John Ballard made a string of ten consecutive shots last Friday, sixteen rods, which measured only twenty-four inches. When some one beats it he will try again.

F. D. Robinson, our enterprising merchant man, wishes us to announce that on Sundays his market will be open only from 6 to 10 o'clock in the forenoon. Bear it in mind.

An exceedingly pleasant and social time was enjoyed at the residence of Mrs. W. A. Masters on Friday afternoon last, the occasion being the weekly meeting of the Ladies' Aid Society.

The planing mill has started and is ready for surfacing, matching or making siding. A stock of dressed lumber will soon be on the yard, so all can be accommodated without delay.

At the special meeting of the County Board of School Examiners last week, six applicants for examination were in attendance, four of whom were granted certificates. A number of teachers are still wanted in the county to meet the requisition of districts.

Persons qualified, and intending to teach, are requested to send their names to the secretary of the board, if they have no school in view, and be given the opportunity to teach.

Two months from to day will be the glorious "Fourth of July" new year. Talk it up, gentlemen, and let's have a rousing old celebration in honor of the Independence of Crawford county, whom we have all fought, bled and died for.

O. Palmer has erected a dry kiln at the planing mill for seasoning lumber by steam, which method is preferred by many to seasoning by air and sun, as it is thought the sap is thus more thoroughly deposed of.

A dance was extensively advertised the latter part of last week to be given at "Hadley's Hall" on this (Thursday) evening. We now hear it reported the said dance will not be given, as the stockholders of "Hadley's Hall" put a "veto" on it. Tis well.

Two daily express trains were added to this division last Sunday, the one going south passing here at 1:30 a.m. and going north at 2:18 a.m. These trains make close connections at Bay City with the Saginaw and Detroit divisions.

Mr. Seymour Sewell is framing and getting ready a house which he is getting ready to build to his honest neighbor Dr. Revell's, on section 2, South Branch. He has chosen a good gravelly soil, and the place is well situated. We wish him success.

We understand that a lady of this town, while walking the streets up and down, looking for her liege lord and boss, accidentally spied him in a saloon, which fact almost made her swoon; but mustering up courage, as most women do, she entered the place with a step that was true; her liege lord sat amazed and spell-bound, and she talked to him in words that were plain and sound, and whilst he did not care from which part the Congressman emanates, head, stomach or neck, so that he is able and has proven faithful and honest in every position in life."—Bay City Tribune.

The above is a trifle "previous," to but that she wouldn't consent to the man he did relent, and left the place with a meen. Now, dear readers, whether this story be true we do not know—do you?

All trains daily except Sundays.

## VOLUME FOUR.

Our readers will notice that this issue is marked No. 1, Vol. IV. The AVALANCHE has passed through the vicissitudes of its first three years of life and, like an infant who has had whooping cough, measles, scarlatina, and worms, now bids fair to succeed.

The average reader has no conception of the annoyances and trouble of starting a country newspaper and conducting it to a successful issue. None but those who have had the experience can form any adequate idea, and we are truly thankful that the necessary labor fell upon our predecessors rather than upon us.

The citizens of the county have done well in their support and have our thanks, though many are left "out in the cold," by refusing or neglecting to read our weekly product. These we pity more than blame; yet are ever ready to take them into the fold at one dollar and fifty cents per annum.

Again to our friends we give thanks, to all our enemies forgiveness, and to all an invitation to help us in our endeavor to give them as good a local paper as is presented in the State.

Mr. Hugo Schreiber and family, of Grove township, returned from Jackon last Monday, where they have been spending the winter. Mr. S. will return the more pleasant though perhaps less profitable business of farming, he being a skilled mechanic and having been employed for several months in the machine shops at Jackson.

Justice Kilborn came near visiting the "happy hunting grounds" a few days since. Mr. John Ballard was shooting at a target on his farm, when a bullet passed through the target and into the woods beyond, through Mr. Kilborn's wagon box and brushed his ear in its still onward course. He immediately that his ear is not attuned to appreciate such fine music.

Our reporter from Beaver Creek reports the discovery of a huge black bear by Miss Flora Marvin, teacher in district No. 6, and her pupils, on their way home from school last Friday.

Mr. Marvin and some of his neighbors were filled with bravery and started in pursuit, but returned disgusted on finding they were following a harmless dog.

Edwin Raymond, of this village, received a severe injury, Monday, while cutting logs for Salling, Hanson &amp; Co., at their camp on the Manistee; by the top of a fallen tree striking him upon the leg with such force as to fracture it below the knee. He was brought down to the village, and under the skillful treatment of Dr. Davis, we hope will soon be around again.

At the special meeting of the County Board of School Examiners last week, six applicants for examination were in attendance, four of whom were granted certificates. A number of teachers are still wanted in the county to meet the requisition of districts.

Persons qualified, and intending to teach, are requested to send their names to the secretary of the board, if they have no school in view, and be given the opportunity to teach.

Everybody is very busy improving the fine weather in plowing and putting in spring crops. There will be a much larger area of grain sown this spring than heretofore. Wheat, rye and clover came through the winter looking well, but with the dry weather of the past two weeks it has not grown as well as might have been expected. Cattle, as a general

The Commissioner of Agriculture was requested to report whether its cultivation could be successfully undertaken here.

A Washington correspondent says that work is about to begin on the Washington monument. The recent appropriation will enable the addition of seventy-five feet to the height, making the total 325. About ninety memorial stones are wanting to be placed in the walls. ### FIRE AND CASUALTIES.

The steamer Little Eagle was sunk by striking a pier of the bridge at Hannibal, Mo., and three of the crew were drowned.

A tornado swept through the streets of Cairo, Ill., demolishing the colored Methodist Church and four other buildings, and overturning five loaded freight-cars. A number of houses were also more or less injured.

—Prince Leopold was married at Windsor Castle to the Princess Helena of Waldeck. The Archbishop of Canterbury performed the ceremony. The Queen was present.

### CRIMES AND CRIMINALS.

—O. N. Garrett, one of the party who murdered John M. Walton, near St. Paul, Ind., obtained a change of venue to Jennings county and was acquitted. He was then arrested on charge of arson, and jailed at Greensburg. A mob took the keys from the jailer and dragged Garrett down stairs on his face. A rope was thrown over his neck and he was hanged to a tree at the door. On his body was placed a card carrying greeting to the Jennings county jury.

—A man named Kelly was shot and killed by John A. Will, a farmer, whom he had threatened.

—Peter B. Yeakley, living on a farm near Campton, Ark., has been transferred to the Detention House of Correction for life, for holding up a mail-carrier and rifling the registered packages.

—A dispatch from Dallas, Texas, says that one of the Texas and Pacific train robbers was captured and mortally wounded. He is the son of a respectable old farmer living near the scene of the robbery, and was shot a fight with Texas robbers. His father informed the rangers of the whereabouts of his wayward son, requesting his arrest, stating "he would prefer to have him the inmate of the penitentiary to being a member of a gang of robbers." A second attempt was made to wreck and rob a train near the scene of the first raid. The bandits removed two rails from the track on a high trestle. The engineer discovered the absence of the rails in time to save his train from being hurled into the canyon abyss below.

—A discharged farm laborer named Stull, near Georgetown, Ohio, shot and killed Mrs. Summers, the wife of his late employer, and then committed suicide.

—At Danville, Va., John P. Lipscomb was shot dead by his father-in-law, Sterling Edmunds. The killing was owing to a family quarrel.

—A fight occurred at Stein's Peak between Indians and Capt. Tupper, of the Sixth Cavalry, and his Indian scouts. Four of the latter are reported killed, and two private soldiers. It is claimed six of the hostiles were killed. The Indians were routed and took to the mountains. The troops were unable to follow.

—Well Indorsed by Our Own Citizens.

No matter how useful anything may be in itself, good endorsements seem to increase its usefulness greatly by insuring a wider field for the display of its special merits.

We were thus impressed in view of the following statements received by one of our representatives from leading individuals connected with some of the largest enterprises in our midst. Among others whose testimony was relied upon was that of H. H. Jacobs, of New York, president of the Chicago & St. Louis, and of the C. & St. L. R. R., residing at 28 Boylston street, Boston. Mr. Jacobs has a well-known record of integrity and probity. He has had a wonderful effect among the men employed there. One of them named his arm very badly and by the use of St. Jacobs Oil was greatly benefited, and the arm was treated. Another used it for severe rheumatic pains in the knee, and pronounced the Oil a complete success, as he was cured by its use."—Mr. A. B. Taylor, of the Ray & Taylor Manufacturing Co., was pleased to say: "My aunt, Mrs. Pillsbury, of Mount Clair, N. J., while visiting at our house in St. Louis, J. J., with a sprain of the toe, was greatly relieved by the use of St. Jacobs Oil and was soon able to walk again. She pronounced it the best thing she had ever used for the trouble."—Mr. B. W. Johnson, of Chicago, president of St. Louis Car Works, Boston and Albany, said this addressed to our reporter: "I am one more of the fortunate who have had the good luck to hear of that wonderful remedy, St. Jacobs Oil. I had rheumatism in the shoulder severely, and could find no relief until I used the Oil. I applied it and must confess I was surprised at the results. I am almost well and expect to be entirely so in a few days."—Springfield (Mass.) Union.

—That is the question.

Many a bustling, successful business man would delight in living simply in some quiet country village on one-tenth the money he now spends, and without a hundredth part of the worry that is now shortening his life and making him the dullest company at home. But what would his wife say? Many a plain, quiet little woman is utterly tired of the ceaseless labor of trying to make us effective an impression as her richer and handsomer acquaintances. But what would her husband say?—New York Herald.

—The St. Louis Post-Dispatch, at the close of a long article, says: "In fact St. Jacobs Oil is pushing all other remedies out of the field, and I can hardly conceive of any other oil that can be used to such effect as St. Jacobs Oil is magical in cases of asthma, rheumatism, pleurisy, neuralgia, nervous headache, lumbago and scores of other disorders; while in the case of sprains, burns or injuries it is an absolute panacea, and for general ills better than the advice of many physicians. A word to the wise is sufficient."

### BROTHERHOOD.

"There, boy, is a big penny for you; go home and say your prayers like a Christian," said the pethores to the man on the avenue.

"And what prayer shall I say?" asked little Leon.

"Say 'Our Father which art in heaven—'" replied pethores.

"And is he our Father—yours and mine too?"

"Most assuredly."

"Then are you my big brother?"

"Of course I am."

Then little man looked up and asked the question which even religion can't compel any man to answer: "Aren't you ashamed of yourself to offer your poor little brother a penny when you have plenty, and you know he is most starved to death?"

The unprecedent demand for Dr. Bull's Cough Syrup has the effect of bringing out many similar remedies; but the people are not so easily induced to make a trial of the new article, when they value the old and reliable one—Dr. Bull's Cough Syrup.

The record of failures shows 110 through

### NOW WELL AND STRONG.

Sioux City, Iowa, I wish to state that my daughter, aged 18, was pronounced incurable, and was fast failing, as she was unable to walk, and had to be carried about in a chair. I had a half dozen bottles of your "Golden Medical Discovery" for her and she commenced improving at once, and is now well and strong. Very truly yours, Rev. Isaac N. Angout.

A LADY in White Plains, who lived near a church, was sitting by the window listening to the crickets, which were loudly chirping, the music from the choir rehearsal being faintly audible, when a gentleman dropped in, and said: "I have come to thank you for your discovery, and to tell you that it is still in my mind." "What is that?" asked the lady, "and if it is said they do it with their hind legs?"
